Effective date of rule: Permanent Rule  31 days after filing.  Other (specify) January 1, 2010 (If less than 31 days after filing, a specific finding under RCW 34.05.380(3) is required and should be stated below)  Any other findings required by other provisions of law as precondition to adoption or effectiveness of rule?  Yes No If Yes, explain:  The Department is adopting this rule with an effective date of January 1st so that county officials may properly calculate interest on deferred special benefit assessments for farm and agricultural or timber land removed or withdrawn from classification on or after January 1, 2010. For the first time since at least 1976, the rate of inflation is a negative rate.  Purpose: Special benefit assessments for certain local improvements to farm and agricultural or timber land classified under chapter 84.34 RCW (Open Space Program) may be deferred by the land owner. If a land owner chose to defer these assessments, and the land is subsequently removed or withdrawn from classification, the deferred special benefit assessments become due and payable with interest. WAC 458-30-590 provides the rate of inflation used in calculating the interest that is added to the deferred amount of special benefit assessments.  This rule is being amended to provide the rate of inflation to be used for calculating interest on land removed or withdrawn during the 2010 calendar year.
